

LINDENHURST ENVIRONMENTAL COMMISSION

Agenda August 10, 2016 Lindenhurst Village Hall

1. Roll Call & Introductions
2. Bags and vests
3. Community Garden
 - a. Ryan met with Ken:
 - i. Initial layout and tilling: The park does not have the equipment to do this and is requesting help from Lindenhurst Public Works and disposal at the village yard for removed debris. The site is established and it makes more sense to start from the South-West corner of the lot and work East then North.
 - ii. Soil Testing: Ken will arrange for this.
 - iii. Ground Breaking: We need to set a September date.
 - iv. Park investments: Limited budgets are available from the park and only land and some limited water may be available.
 - v. Fencing: To be determined by Dave.
 - vi. Water Access: Water is available at the site but a locking hydrant will need to be installed.
 - vii. Advertisement in Fall Catalog: This was discussed and will need to be verified by Dave.
 - viii. Surrounding Houses: The park has not reached out to the houses that border the site to see if there are any concerns.
 - ix. Accounting and recordkeeping for the garden: We discussed the park managing the finances and collecting any fees. This would have to be agreed to by Dave.
4. Lindenfest Parade
 - a. Who's attending
 - b. Route
 - c. Line-up
5. Ratch garden at Village Hall
6. Plant Exchange
 - a. Who can attend
