## Community Calendar

Visit [www.lindenhurstil.org](http://www.lindenhurstil.org) for more details about all Village events:

- Wednesday, July 4: Village Hall & Postal Sub station closed for Independence Day
- Wednesdays through August 8th, 7 PM - 8:30 PM: Live Music in the Parks Series - See page 2 for more information
- Thursday, Aug 9 - Sunday, Aug 12: Lindenfest, 2301 E. Sand Lake Road
- Monday, September 3: Village Hall closed for Labor Day holiday

For more information about Lindenfest, please call the Village Hall at (847) 356-8252. Or, visit the Lindenfest Facebook page at [www.facebook.com/LindenfestInc](http://www.facebook.com/LindenfestInc).

### Question:

True or False - Pets, bike riding, and skateboards are allowed at Lindenfest.

# Village to Conduct Resident Survey

## *From the Mayor's Desk*

At our Village Board meeting on May 14th, the Board approved spending \$11,500 for the purpose of conducting a survey with our residents. After Village staff's evaluation of multiple companies, we decided to contract with NuStats, who has a lot of experience in conducting surveys for municipalities. We chose NuStats based on the cost, timeframe, and flexibility in designing the survey questions.

**Why conduct a survey?** Simply, to engage residents and obtain feedback. I foresee that this survey and subsequent analysis of the results will become an ongoing process versus a one-time event. The initial survey results will provide our baseline for comparison in future surveys. We will also have access to comparative data from municipalities similar to Lindenhurst (alike in many criteria, including but not limited to population, average household income, etc.).

**Why didn't we conduct the survey with a much cheaper solution, such as Survey Monkey?** We would have received responses using Survey Monkey, but wouldn't have the added benefit of the comparative data that NuStats provides.

**What's the expected timeline to see the results from the survey?** Throughout June, we will work closely with NuStats to develop the number and wording of

survey questions, and begin the process of the random selection of 2,000 homes. Our hope is to collect at least 400 surveys. In July, the surveys will be mailed to the selected recipients and collection will take place over a four to six week period. Four weeks from the end of the survey (or about September) the survey data will be collected, analyzed, and the final report developed.

The Village Board and staff are looking forward to our residents' feedback - thanks in advance for your involvement!

## **New Citizens' Academy**

At the Village Board meeting on Monday, June 11th the Village of Lindenhurst unveiled its newest effort to educate residents on Village operations, with the hope of engaging them in the work of the Village through the **Lindenhurst Citizens' Academy**. The ten-week workshop seeks to delve into a series of topics related to the various functional areas of the Village. Weekly sessions cover topics such as budget preparation, water/sewer distribution, patrol operations, and many others. Village staff intend to keep each session interesting with group discussion, field trips, and hands-on exercises.

Applications to participate in the Lindenhurst Citizens' Academy will be accepted June through August, and classes will run from September 5 - November 14th (skipping the week of Halloween). Classes would run approximately two hours and range from 8 - 15 participants in size. No class will begin with less than eight (8) participants.

Information and an applications for the class, including a waiver required for participation, can be found under the "Resident Services" tab at [www.lindenhurstil.org](http://www.lindenhurstil.org). Completed applications and waivers may be dropped off at Village Hall; mailed to Village Administrator Clay Johnson, Village of Lindenhurst, 2301 E. Sand Lake Road, Lindenhurst, IL 60046; or to [citizensacademy@lindenhurstil.org](mailto:citizensacademy@lindenhurstil.org).

Lindenhurst / Lake Villa Partnership Presents...

**FREE Summer Concerts**  
**Wednesdays**  
**7:00-8:30PM**

~ Parkman Pavilion

2200 E. Grass Lake Rd., Lindenhurst

Parkman Pavilion

**Food and refreshments will be available for purchase!**

*In consideration of others, pets, alcoholic beverages and grills are not allowed in the parks.*

# Linden Notes

## Landscape Collection

Groot, the Village's contracted waste hauler, began picking-up landscape waste April 2nd, and will continue through November 26th. Landscape waste includes grass, shrubbery, small tree limbs and weeds. Sticker service: Each sticker is \$3.25 and one must be affixed to each 32-gallon container or Kraft bag placed curbside each week. There is no limit to the number of containers that may be placed curbside with sticker service. Subscription service: This service is \$150 annually. Residents may place up to four 32-gallon containers or Kraft style bags curbside each week; any additional containers would require a sticker. Stickers can be purchased at the following locations: the Village Hall (2301 E. Sand Lake Rd.), Groot's website ([www.groot.com](http://www.groot.com)), Walgreen's (399 S. Rte. 45), or Butera Finer Foods (1500 E. Grand Avenue). For more information, please contact Groot at (847) 693-2700.

## Medication Disposal Bin at LPD

Residents have an environmentally safe and convenient location to dispose of expired and unused medication. A pharmaceutical bin is available 24-hours a day in the front lobby of the Lindenhurst Police Department, 2300 E. Grand Avenue.

To protect privacy and preserve space, unused pills and capsules should be placed in a sealable plastic bag, and the empty bottles recycled at home. Liquids should remain in their original leak-proof containers with labels removed or marked out. Additional information can be found at [www.lindenhurstil.org](http://www.lindenhurstil.org).

## Labor Day Holiday Reminder

As a reminder, there will not be refuse or recycling collection on Monday, September 3, in observance of Labor Day. Collection will occur on Tuesday, September 4. For more information, please call Groot at (847) 693-2700. Village Hall and the postal substation will be closed on Monday, September 3, in observance of Labor Day.

## Tree Replacement Program

The Village offers a program to assist residents who wish to plant a tree. Under this 50/50 tree replacement program, the Village will reimburse residents who wish to purchase a new tree for their property or parkway area. The program parameters are as follows:

- Residents will be reimbursed 50% of the cost of a single, acceptable tree, excluding sales tax, delivery, installation, etc. up to \$200
- Program dollars would be dispersed by the Village to the homeowner after the purchase and planting of a new tree.

- Households could participate once per year
- Residents can submit a receipt to Village Hall for reimbursement
- First come, first serve basis as budgeted funds are available
- A list of acceptable trees is available on the Village website

Please contact Village Hall at (847) 356-8252 or visit [www.lindenhurstil.org](http://www.lindenhurstil.org).

## Shoreline Stabilization Program

The Village offers a lakeshore stabilization program for residents who own lakeshore property. Through this program, the Village will reimburse residents who plant acceptable shrubs and plantings that help to preserve the shoreline and water quality of the lakes. The list of acceptable plantings is taken from the Illinois Environmental Protection Agency. This list is also located at [www.lindenhurstlakes.com](http://www.lindenhurstlakes.com). Other guidelines include the following:

- First come, first serve basis as budgeted funds are available
- Eligible residents may be reimbursed 50% of their expenditure up to \$100
- Residents must submit a receipt to Village Hall that itemizes the acceptable purchase
- A list of acceptable shrubs and plantings is available on the Village website [www.lindenhurstil.org](http://www.lindenhurstil.org).

## Ordinance Reminders

With summertime here, please be reminded about common provisions found in the Village Code, including barking dogs and dogs at large, noise-related nuisances (e.g. loud music), curfew, water conservation, weeds/tall grass (over 8") and garage sales. Here are some highlights of common ordinances:

- Water conservation restrictions are underway through September 15. Lawn/flower watering is not permitted between the hours of 10:00 a.m. and 6:00 p.m., and is restricted to even number houses watering on even numbered days, and odd numbered houses watering on odd numbered days.
- Only two garage sales are permitted within a calendar year, and not more than four consecutive days in duration.
- The burning of leaves, landscape waste, brush, garbage or any construction materials is prohibited; recreational wood may be burned any time; the burning must be enclosed, and must be 20 feet from any structure, fence, wetland, tree or bush. Please visit [www.lindenhurstil.org/villagecode](http://www.lindenhurstil.org/villagecode) for a complete list of information, or call Village Hall at (847) 356-8252.

Answer:  
False - for patron safety, no bikes, skateboards, or pets are permitted on festival grounds.

## HOW CAN YOU SAVE MONEY AND WATER?

Simply turning off your tap when brushing your teeth can save as much as 3,000 gallons of water per year.

You can conserve even more by installing WaterSense® labeled bathroom sink faucets or faucets accessories. Doing so, an average household can reduce its water consumption by 500 gallons each year.

Investing in a high efficiency (HE) washing machine can save up to 30 gallons+ of water per load than that used in a typical older model top-loader. Use HE detergents for HE machines. Regular detergents are too sudsy and can cause these washers to use more water by extending the rinse cycle.

Choose the right soil setting for the load. Using the heavy-duty soil setting can use more water and extends wash time. The normal setting works for most loads. Pick the appropriate water level setting- often small, medium, large- for the load if that's how your machine works. Front-loaders and most HE models use auto-load sensing to automatically determine the amount of water needed.

Replacing a standard 1.6 gallon-per-flush toilet with a new WaterSense® labeled high efficiency model can reduce water use by 20% or more. Replacing a pre-1994 model (3.5 gallon-per-flush toilet) can reduce it by 60% or more. That's more than 4,000 gallons per person per year.

Check your toilets for leaks. A running toilet can waste 100s of gallons of water per day! Try drops of food coloring in the tank. If it flows into the bowl, you have a leak.

Invest in a Rain Barrel to water your garden and outdoor plants. The Village offers 50% reimbursement - up to \$75 each- towards the purchase of as many as 3 rain barrels.

Always make sure your hose connections are secure. If you chose to water your lawn, consider a timer, water in the morning to prevent evaporation and plant native plants that thrive in the area with limited water.

The average household could save more than 2,900 gallons per year by installing WaterSense® labeled showerheads. Since these water savings will reduce demands on water heaters, households will also save energy.

Consider shorter showers- reducing by 5 minutes saves 12.5 gallons!

Anyone who rinses the dishes before putting them in the dishwasher is not only failing to take advantage of its cleaning prowess but wasting water.

Dishwashers that have earned an Energy Star are, on average, 15 percent more water efficient than standard models

Consider using the dishwasher instead of handwashing, but when you do hand wash, fill the sink instead of letting the water run. And only run the dishwasher when full.
