

Mulch Available for Lindenhurst Residents in May

Need mulch? Mulch is a great way to retain moisture in your garden beds, slow down weed growth, and add nutrients to your soil.

Mulch will be available for pick-up by Village residents at the Wastewater Treatment Facility, 2060 E. Grass Lake Road, on Saturdays 5/4, 5/11, 5/18 and 5/25, between the hours of 7am - 12pm. Please bring your own containers for self-loading. (No landscape companies, please.)

Happy
gardening!
