

U.S 45 at Haven

Haven looking east @ U.S.45

U.S. 45 @ Haven

Berger Construction has placed final concrete pavement along north half of Haven Lane. They are also preparing the base for U.S. 45 at the southern limit of the project near the intersection of U.S. 45 and Country Pl. The new Traffic Signal has been installed at relocated U.S. 45 and Grass Lake Road. Sidewalk and multi-use path installation is progressing from north to south.

Below is a rendering of the proposed realignment of Grass Lake Road. Beyond the new roadway, sidewalks and a multi-use asphalt path will be installed as part of the project. Route 45 will be concrete pavement and Millburn Road and Grass Lake Road will be asphalt pavement.
